Ingredients list : Grape and sulphites

Type of land : Colluvium: Pebbles, calcareous gravels, gray and yellow marls

Harvest : By hand

Vinification and aging : Stainless steel tank

Alcool : 12,5% vol

Tasting: This wine displays a pale yellow hue with green highlights, bright and clear—a reflection of its youth and vibrancy. On the nose, it charms with its delicacy and expressiveness, where aromas of white-fleshed fruits combine with citrus notes such as lemon and grapefruit, subtly lifted by a floral touch. On the palate, the attack is crisp and lively, driven by a natural acidity that brings lightness and freshness. The texture is airy, offering brilliant aromatic purity, extended by a fine bitterness on the finish that adds dimension and enhances the sensation of freshness. The balance is perfectly controlled, with no heaviness whatsoever, leading to an exceptionally thirst-quenching finish.

Pairing suggestions

Sea bream ceviche with grapefruit and ginger

Fine de Claire oysters with a zest of lemon

Fresh goat cheese rolled in Herbes de Provence
